Letter of Recommendation

Dear Kim,

It is with complete confidence that I highly recommend Transport TranStar as a local carrier for any business requiring an extremely reliable transportation service. TranStar has always done its best to meet our specific needs, and go above the call of duty to “make it happen” for us.

As our business is fast-paced and demanding, we often find ourselves requesting rush pick-ups and/or deliveries for TranStar to arrange and carry out. Their performance is always impressive. They will do their utmost to see that our requests are fulfilled. Furthermore, if for whatever reason they are simply unable to do as we ask, they have enough integrity to be truthful about the situation, and not waste our time with false promises.

In addition to their excellent transportation service, the staff is friendly, competent, and a pleasure to speak with. If ever a problem arises, it is always a smooth process to find a mutually acceptable solution.

I would invite any potential client to try Transport TranStar for at least one week. You will not regret the decision!

Sincerely,

Lina Arcuri
